DEAR LIFEHOUSE FRIEND,

What blessings the Lord bestowed upon us in 2018! As my first full-year serving as executive director came to a close I was able to reflect on God’s faithfulness to His vulnerable women and children we serve. With your support we were able to accomplish great things and together laid the groundwork for more to come.

Here are our 2018 major milestones:

• Graduated the first aftercare resident from our fully launched home in Marietta. The two since obtained stable housing (non-governmental) and are working full-time jobs in addition to their sobriety.

• Increased occupancy of residents by six percent and increased bed nights by 357 nights.

• Launched our first full-time volunteer program for church partners and individuals to be able to minister in specific and effective ways.

• Placed 352 women and children in long-term, safe, supportive housing.

• Launched our non-residential program for past residents, was launched and began meeting monthly to provide continued support and discipleship.

• Hired a full-time case manager to administer crisis counseling to any applicant at any time.

• For all our residents assigned to local para-professionals, we launched and encouraged our monthly resident-led, group-centered support and discipleship.

The Lord says in His word, “He gathers the lambs in his arms and carries them close to his heart; he gently leads those that have young.” Isaiah 40:11
